

UAF Compliance with the Toxic Substances Control Act

Author: Jeremy Thieman

Document #: FS-14.0

Revision: 2

Title: Toxic Substances Control Act

Date: 10/22/24

Purpose:

To address the compliance of UAF products regarding the Toxic Substances Control Act (TSCA).

Directive Summary:

In accordance with the TSCA Directive, the following are the specific materials that are banned (with few exemptions) from all new electrical and electronic equipment (EEE):

PIP (3:1), phenol, isopropylated phosphate (3:1), CAS 68937-41-7 (restriction date per originally published final rule: March 8, 2021).

DecaBDE, decabromodiphenyl ether, CAS 1163-19-5 (restriction date per originally published final rule: January 6, 2021).

2,4,6 TTBP, 2,4,6-tris(tert-butyl)phenol, CAS 732-26-3 (restriction date per originally published final rule: March 8, 2026).

HCBD, hexachlorobutadiene, CAS 87-68-3, (restriction date per originally published final rule: March 8, 2021).

PCTP, pentachlorothiophenol, CAS 133-49-3 (restriction date per originally published final rule: March 8, 2021).

Conclusion:

Universal Air Filter (UAF) certifies that it is compliant with the requirements of TSCA regarding the five (5) PBT chemicals listed above and that none of the above-mentioned chemicals are intentionally used or added to our products. This Declaration is based upon information provided to us by our suppliers of raw materials and/or components used in the manufacture of UAF's products.
